

Privacy Notice

Privacy starts with a clear purpose, minimal data and a route to exercise rights. This publication describes our website and inquiry context; engagement processing is documented separately.

01 / Controller and contact

VISIONCYBERX BV, Belgium, can be contacted at Projects@visioncyberx.com about this website. If you email us, we receive your address, message and any information you choose to provide. Do not send sensitive operational data through an unsolicited inquiry.

02 / Purposes and legal basis

We use inquiry information to respond, assess a possible business relationship and keep a proportionate record of correspondence. Depending on the context, processing may be necessary for steps requested before a contract or for our legitimate interest in handling business communications. Site delivery and security may involve technical access data processed by the hosting platform.

03 / Recipients, retention and transfers

Hosting, email and professional service providers may receive data as needed for their function. We keep it for the purpose of the inquiry, any resulting relationship and applicable legal retention duties, then delete or minimise it. Service-specific recipients, retention schedules and any transfer safeguards should be confirmed in the relevant notice or agreement.

04 / Your rights

Subject to the GDPR's conditions, you may request access, correction, deletion, restriction or portability, object to certain processing and complain to the Belgian Data Protection Authority. Email the address above with enough context to identify your request. If consent is used for a specific purpose, it can be withdrawn for future processing.

05 / Cookies and completeness

See the separate Cookies and Your Privacy Choices pages for browser controls. Before this text serves as a final statutory notice, VISIONCYBERX must verify its registered address, actual providers, international transfers, exact retention schedule and any further processing activities.

Document status

Original VISIONCYBERX working framework for review. This PDF is not an offer, a signed agreement or evidence of an implemented control. Confirm legal entity details, service scope, commercial terms, annexes and approval before use. A signed engagement document governs.
